Creative activity
Shaping conditions: interface rules and arrangement; asset library; facilitation; my design choices
1. Deliberate contribution (a participant's phrase)
2. Proposed transformation (AI or human interpreter)
3. Interpretation and negotiation (contributor, others, facilitator)
4. Decision under the arrangement's approval rule
5. Incorporated into the shared work (later revision or removal reopens 3)
Not incorporated: continue differently or move on
next contribution
revise or ask again
accept
refuse
Arrangements (one per workshop): contributor-led: AI proposes, contributor approves; group-led: AI proposes, group applies its agreed procedure; human-mediated: a rotating participant proposes with the same assets, contributor approves.
documented as
informs later design
Research analysis
Materials: video, screen and system records, interviews, design journal
Analysis: multimodal episode accounts read with interview themes
Inquiry: recognition, creative authority, authorship (RQ1–RQ3)
