Creative activity (workshops)
1. Deliberate contribution (a participant's phrase)
2. Proposed transformation (AI or human interpreter)
3. Interpretation and negotiation (contributor, collaborators, facilitator)
4. Accept, revise, refuse, or ask for another proposal
5. Shared audiovisual work (light, form, sound)
next contribution
another proposal
Shaping conditions: interface rules; asset library; facilitation; my design choices
Arrangements (one per workshop): contributor-led: AI proposes, contributor approves; group-led: AI proposes, group applies its agreed procedure; human-mediated: a rotating participant proposes with the same assets, contributor approves.

informs later design
Research analysis
Materials: video and screen recordings, system events, interviews, design journal
Analysis: multimodal episode accounts read with interview themes
Inquiry: recognition, creative authority, authorship (RQ1–RQ3)
